

# DJ Matt Cassidy

A photograph of DJ Matt Cassidy, a man with glasses and a black cap, holding a vinyl record in front of his face. He is wearing a black t-shirt and has tattoos on his arms. The background shows an outdoor setting with a building and a street under a cloudy sky.

In a world filled of limitless media, available to anyone, at any time, DJ Matt Cassidy prides himself in the art of discovering new sounds and music that will keep him sounding different from the act before or after him. He has been heavily circulating the Denver nightlife scene as an independent act for over seventeen years. Staying true to his urban roots, his sets pay homage to the artists who have inspired him throughout his career. His performances demand rooms, with original productions and unique edits that leave audiences with nothing left to be desired.
